NORTHROP GRUMMAN CORPORATION

Northrop Grumman Corporation is a leading global security company providing innovative systems, products, and solutions in unmanned systems, cyber, C4ISR (command, control, communications, computers, intelligence, surveillance and reconnaissance), and logistics and modernization to government and commercial customers worldwide.

Below is a listing and description of our three business sectors and our global procurement services organization. Please visit our website, www.northropgrumman.com to learn more about specific products, programs or services. Follow us on:

AEROSPACE SYSTEMS

Northrop Grumman Aerospace Systems is a premier developer, integrator, producer and supporter of manned and unmanned aircraft, spacecraft, high-energy laser systems and microelectronics critical to maintaining the nation's security.

MISSION SYSTEMS

Northrop Grumman Mission Systems is a leading global provider, manufacturer and integrator of advanced, secure and agile software-defined systems and solutions. Our differentiated C4ISR and cyber solutions deliver timely, mission-enabling information and provide superior situational awareness and understanding to protect the U.S. and its global allies.

TECHNOLOGY SERVICES

Northrop Grumman Technology Services is a global provider of innovative, cost effective solutions. From sustainment and modernization, supply chain management, training and simulation, and high technology services, we offer a full-spectrum of support.

GLOBAL PROCUREMENT SERVICES

Our Global Procurement Services organization provides oversight and leadership for enterprise agreements and non-production procurements for Northrop Grumman's business sectors.
